

Loss & Damage Waiver Insurance

- Low-cost, effective cover
- Trusted third-party insurance partner
- Only pay for the cover you require
- Cover across the UK

When hiring temporary power equipment from John F Hunt Power, it is critical that you are adequately covered against loss & damage.

Should you not have your own Hired in Plant Insurance cover in place, we can offer you a convenient and low-cost alternative through our Loss & Damage Waiver Insurance.

Specifically designed for our customers, this insurance package can be used to cover any equipment hired from John F Hunt Power and has been devised in conjunction with **JCB Insurance Services** and **Aviva Insurance**.

Features & Benefits

- Cover for up to £500,000 for any one incident, with a £200,000 single item limit.
- Cover loss or damage to John F Hunt Power equipment anywhere in the United Kingdom including during transit.

Why do we offer LDW and who can use it?

By offering Loss Damage Waiver Insurance, we can save our clients the additional administration of arranging their own cover from third-party providers.

LDW insurance is available to all customers with an active account.

Customers should take all reasonable precautions to protect the equipment from loss or damage.

How does it work?

Cover will be charged at 15% of the total equipment hire rate per week, plus a £25.00 administration fee at the start of the contract, as per the below example:

Equipment Rental Example	£200.00 per week
Insurance Cost (15% of Total Hire Cost)	£30.00 per week
Administration Fee	£25.00 per contact

Any incidents of damage or theft should be report to John F Hunt Power immediately.

In the event of vandalism or theft – customers are responsible for reporting this to police and obtaining a suitable crime reference number. Photos supporting any incident, should be sent to the issuing John F Hunt Hire Desk for our referral.

Please note – our Loss Damage Waiver is subject to a **£500 excess charge** on all claims.

Please contact your local depot for more information.
