

Loss & Damage Waiver Insurance

Low cost-effective cover | Reliable insurance partner | No additional administration
Only pay for cover you require | Cover across the UK

When you are hiring equipment, it is critical that you have insurance in place to provide adequate cover against loss or damage.

To help you avoid the inconvenience and hassle associated with sourcing insurance from a third-party provider, we can provide our own Loss & Damage Waiver Insurance.

Specifically designed for our customers, our insurance package can be used to cover any equipment hired from John F Hunt Power and has been devised in conjunction with **JCB Insurance Services** and **Aviva Insurance**.

Features & Benefits

- Cover for up to £500,000 for any one incident, with a £200,000 single item limit.
- Cover loss or damage to John F Hunt Power equipment anywhere in the United Kingdom including during transit.
- Fewer restrictions under the Loss & Damage Waiver policy compared to most standard Contractors Plant/Contract Works policies.

Why do we offer LDW and who can use it?

Historically we have asked our customers to provide us with proof that they have insurance against theft, loss, damage for the equipment they hire from us.

As some companies do not have their own policies in place, we introduced this policy to provide a one stop shop for the hire process. By offering this solution, we can save our clients the headache of contacting third party providers to arrange & maintain their own cover.

LDW insurance is available to all customers with an active account. Customers should take all reasonable precautions to protect the equipment from loss or damage.

What are the costs?

Cover will be charged at 15% of the equipment hire rate per week, plus a £25.00 administration set up fee at the start of the contract.
